STEP 01 · Smartphone Basics

1. 🆘 Send an SOS in one press and show emergency contacts on your lock screen
2. 🔠 Make text bigger and let your phone read it aloud
3. 📷 Turn your camera into a document scanner
4. 📌 Lock your phone to one app before handing it to a child
5. 💊 Set medicine and bill reminders just by speaking
6. 🔋 Make your battery last the whole day

STEP 02 · Google, Gmail & YouTube

1. 🔍 Point your camera to translate, identify or copy anything
2. 🗺️ Find the nearest hospital, pharmacy or bus route in seconds
3. 👦 Make YouTube safe for children
4. 🔐 Never get locked out of your Google account
5. 📧 Create your Gmail account and use Google Forms and Classroom
6. 🗣️ Ask Google questions in your own language by voice

STEP 03 · Communication with family & friends

1. 📍 Share your live location until you reach home
2. 💾 Never lose your WhatsApp chats and family photos
3. 🔕 Mute noisy groups and stop strangers adding you to groups
4. 🚫 Silence calls from unknown numbers on WhatsApp
5. 🖥️ Share your screen on a video call to get help
6. 🔗 Join a class or family meeting with just a link

STEP 04 · Stay safe online

1. 🚨 Don't fall for the "digital arrest" scam
2. 🚩 Spot fake KYC, electricity bill and parcel messages
3. 🎭 Set a family code word against fake voice calls
4. 📲 Never install an app from a link someone sends you
5. 🔑 Create strong passwords you can actually remember
6. 🔐 Lock your WhatsApp and Gmail with two-step verification
7. 🎮 Say no to strangers in games and chats
8. 📢 Lost money? Call 1930 within the first hour

STEP 05 · Digital payments & government services

1. 💳 Check the receiver's name before you pay by QR
2. 🛑 You never need a PIN to receive money
3. ⚡ Make small payments without a PIN using UPI Lite
4. 🔁 Pay electricity, gas and mobile bills on time with autopay
5. 👨‍👩‍👧 Let family members pay from your UPI with a limit
6. 👵 Submit your pension life certificate from home with a face scan
7. 🏥 Get free treatment cover with the Ayushman card
